

BSI Standards Publication

**Human response to vibration - Guidance
and terminology for instrumentation and
equipment for the assessment of daily
vibration exposure at the workplace according
to the requirements of health and safety**

National foreword

This Published Document is the UK implementation of CEN ISO/TR 19664:2018. It is identical to ISO/TR 19664:2017. It supersedes PD ISO/TR 19664:2017, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GME/21/6, Mechanical vibration, shock and condition monitoring - Human exposure to mechanical vibration and shock.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
